Businesses can call 974-4343 for assistance

- → Improper disposal of household chemicals can pose a threat to health, and contaminate land, air and water supplies. Many can cause serious injury to employees who pick up your garbage
- → Whenever possible, avoid purchasing such items. If you must purchase, buy in quantities for immediate use
- → Please explore alternative products that are environmentally friendly and safer
- → Please transport products in their original containers. Do not mix products
- → Place smaller items upright in sturdy containers. Containers can be returned or recycled
- → If an item leaks, pack it in a larger container and absorb spill with cat litter
- → Transport chemicals in non-passenger area of vehicle
