Subject: Travis County Emergency Services District No. 14 Risk Assessment Results

The American Rescue Plan Act (ARPA) of 2021 is a \$1.9 trillion federal economic stimulus bill. Within the ARPA, the Coronavirus State and Local Fiscal Recovery Fund (LFRF) provided \$130 billion for local governments, split evenly between municipalities and counties. Travis County has been allocated \$247,450,630 in LFRF funds.

When the County remits LFRF funds to another organization to carry out the federal award, that organization may be considered a subrecipient by the federal government, depending on the details of the County's relationship with that organization. Travis County is required to comply with applicable Code of Federal Regulations (CFR) for its subrecipients. Specifically, the County must comply with 2 CFR §200.332(b), which requires the County to perform a risk assessment and evaluate internal controls for federal grant subrecipients. The County is required to use these risk assessment results to develop a monitoring plan for the subrecipients.

The Risk Evaluation & Consulting (REC) Division of the Travis County Auditor's Office has completed a risk assessment of grant subrecipient Travis County Emergency Services District No. 14 (TravCo ESD14); the following report details our findings for this risk assessment.

RISK RATINGS

For subrecipient risk assessments, REC utilizes a five-level risk rating scale from very low to very high to quantify risks based on 12 criteria. The ratings for these criteria are then utilized to assign an overall risk rating to the subrecipient of very low, low, medium, high, or very high. We determined the overall risk rating for TravCo ESD14 to be medium; details about risk criteria rated

high and very high are provided in the Areas of Concern paragraph below. See Attachment A for a summary of the individual risk ratings for the 12 risk criteria.

AREAS OF CONCERN

In this section, we report on risk criteria rated high or very high. We noted the following for TravCo ESD14:

High Risk Rating:

Documented Procedures

The County and its subrecipients are required to adhere to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR 200), which includes the requirement for documented procedures. We performed a high-level review of the procedures for procurement, record retention, cost principles, and real property submitted by TravCo ESD14. Although some of the procedures appeared reasonable, the bulk of the procedures were insufficient for the following reasons:

- The procedure(s) did not address the CFR requirements.
- The procedure(s) covered only a portion of the CFR requirements.
- The procedure(s) consisted of policies rather than procedures.

Policies are the entity's business rules, or in this case, their CFR requirements. Procedures are the steps to be taken to ensure adherence to policy. Note that we only evaluated the submitted procedures and not their actual implementation by the entity.

Very High Risk Rating:

Experience Managing Grant Funds

TravCo ESD14 has no grant experience; consequently, TravCo ESD14 was not required to comply with federal regulations and grant rules in the past. This lack of experience represents an increased risk to the County.

Single Audit

TravCo ESD14 has not undergone a Single Audit since they have not managed federal grant funds previously. The purpose of a Single Audit is to determine if the federal grant recipient has complied with the applicable grant rules and regulations. There is increased risk associated with this subrecipient since the County cannot obtain an external auditor's opinion on this entity's past compliance with federal grant rules and regulations.

State/Federal Agency Monitoring During the Past Three Years

TravCo ESD14 was not subjected to state or federal grant monitoring during the past three years. The purpose of monitoring is to determine if the grant recipient has complied with applicable grant rules and regulations. There is increased risk associated with this subrecipient since the County is unable to obtain information about this entity's past compliance with grant rules and regulations.

RECOMMENDATIONS FOR IMPROVEMENT

The concerns reported above are significant because the County is a pass-through entity. If the subrecipient is found to be noncompliant, the federal government will also consider the County to be noncompliant. In this connection, we recommend that TravCo ESD14 review their current procedures and make improvements as necessary to ensure compliance with all grant terms and federal requirements as stated in 2 CFR 200.

FINANCIAL OBSERVATIONS

The following observations are based on September 30, 2025, audited financial statements provided by TravCo ESD14:

Financial Statements

- Annual revenues totaled \$2,624,863. Revenues were comprised of sales tax (50.6%), property taxes (38.3%), interest and other revenue (10.8%) and grant revenue (0.3%). Expenditures totaled \$1,722,380, resulting in an excess of revenues over expenditures of \$902,483.
- Assets totaled \$13,105,767 and liabilities \$5,950,492, resulting in net assets of \$7,155,275. There were donor restrictions on \$1,817,826 of these net assets.

Financial Ratios

Ratios of Concern:

- The debt ratio is 0% (total notes payable/total assets), which is below average for similar entities¹ of 13.07%. This calculation measures the degree to which an entity's operations are funded by debt, so higher values can indicate a greater risk of potential solvency issues.

Ratios Within Acceptable Limits:

- The current ratio is 7.2:1 (current assets/current liabilities), with 1:1 being the minimum suggested. This ratio measures the entity's ability to pay short-term obligations (due within one year) with current assets.
- Net assets without donor restrictions as a percentage of total expenses is 309.9%, meaning expenses could be paid with net assets for 1,131 days (309.9% x 365 days). The Government Finance Officers Association recommends having a minimum of two months, so TravCo ESD14 falls above this threshold.

A comparison base for financial ratios was built utilizing the financial statements of all 17 Travis County Emergency Services Districts as well as 8 other Emergency Services Districts from counties that either showed similar population sizes or similar divisions of districts in accordance with their population size.

Risk Assessment File

ATTACHMENT A – RISK ASSESSMENT RATINGS

Risk Assessment Criteria	Rating
1. Financial impropriety involving the subrecipient reported in the media	Very Low
2. Amount of grant award for this project/program	Low
3. Experience managing any type of grant funds	Very High
4. Grant experience: dollar amount of grant revenue for most recent fiscal year.	Very High
5. Single Audit	Very High
6. Financial statement audit	Very Low
7. Financial records and reporting	Very Low
8. State/federal agency monitoring during the past 3 years	Very High
9. Personnel experience and/or turnover	Very Low
10. Internal Controls Questionnaire	Low
11. Documented procedures 2 CFR 200	High
12. Financial Ratios	Very Low
Overall Risk Rating	Medium
