

Year	Sex Asslt Cases Rec'd from Law Enforcement	Sex Asslt Cases Presented to Grand Jury	Sex Asslt Cases Resolved By Plea or Finding of Guilt *	Sex Asslt Jury Trials	Total Criminal Jury Trials	Sex Asslt Trials as Percentage of Total
2011	106	102		7	79	8.9%
2012	84	86		7	84	8.3%
2013	73	63		6	69	8.7%
2014	58	56		4	58	6.9%
2015	59	52		1	56	1.8%
2016	90	66	33	1	69	1.4%
2017	105	76	37	1	78	1.3%
2018	77	86	48	9	76	11.8%
2019 (YTD)	33	37	26	7	52	13.5%

updated as of 8/2/19

* Some sexual assault cases are resolved by a plea or finding of guilt to another, related charge (i.e. A defendant charged with F2 sexual assault and F1 Aggravated Kidnapping may be convicted of the Agg Kidnapping because it carries a higher punishment range). 2011-2015 data pending.

Cases may not be received, indicted and/or resolved in the same year.

2017 was adversely impacted by the closure of the APD DNA lab in late 2016. Many sexual assault cases needed to be sent out for retesting by another lab. This resulted in a lower number of trials in 2017.

The trial data for 2018 and 2019 YTD shows that the DA's Office is now taking the highest percentage of sexual assault cases to trial each year compared to the trial record of the last decade.

Data for 2019 through 8/2/2019. For updated 2019 data, please refer to the [2019 Annual Report](#).
