### Travis County evacuates Citation Circle area

Travis County Emergency Management sent a Regional Notification System (RNS) message to Citation Circle neighborhood residents in Southeast Travis County to notify them to evacuate to higher ground.

The message stated: "There is a life-threatening emergency in your neighborhood around Citation Circle. Evacuate to higher ground immediately. If you are in need of transport, a collection point is established at River Timber and Whirlaway Drive. CapMetro buses will transport you to Dittmar Rec Center for overnight shelter. Monitor local media for updates."

The number of people in the evacuation area is unknown because many are believed to have already self-evacuated their homes.

For more information about the Regional Notification System, go to: <http://wireless.capcog.org>. Through the system, the public can register their cell phone, phone landline, email address or pager to receive Regional Notification System alerts by voice call, email or text. RNS alerts warn the public about critical emergency information in situations where property or human life are in danger.

Low-water crossing closure information is available at: [atxfloods.com](http://atxfloods.com). The public can also find emergency message updates at Travis County Emergency Services Facebook ([TravisCoEmergencyServices](https://www.facebook.com/TravisCoEmergencyServices)) and Twitter (@TravisCountyES) pages.
