## TRAVIS COUNTY FIRE CODE FEE STRUCTURE

BUILDING PERMITS		
Building Permit fees must be paid when the permit application is submitted. The Travis County Fire Marshal's Office can accept a business check, money order or cashier's check. Please make checks payable to the Travis County Fire Marshal's Office.		
PERMIT	SCOPE	PERMIT FEE
<b>Building Permit</b>	<p>A Building Permit is required to construct a new commercial or public structure in unincorporated Travis County. A Building Permit is required to substantially alter, enlarge, repair, move, remove, demolish or convert for use as a commercial establishment or public structure in unincorporated Travis County.</p> <p>The Valuation Table sets a standard for the cost basis of a project. The values in the 2003 International Code Council's Building Valuation Table are comparable to the costs of projects reviewed between 2007 and 2009 provided as an estimated cost of construction by applicants. Costs in subsequent Building Valuation Tables appear to overstate cost in Central Texas. The 2003 Building Valuation Table better reflects cost in Central Texas.</p>	<p>The fee is based on the total cost of the construction project using the 2020 International Code Council valuation data table.</p> <p><u>For projects valued at less than \$200,000, the fee is <b>\$790.00</b>.</u></p> <p><u>For projects valued at \$200,000 but less than \$1,000,000, the fee is <b>\$790.00</b> for the first \$200,000 plus <b>\$1.75</b> per \$1,000, or fraction thereof, for the value over \$200,000.</u></p> <p><u>For projects valued at \$1,000,000 but less than \$5,000,000, the fee is <b>\$2,800</b> for the first \$1,000,000 plus <b>\$1.00</b> for every \$1,000, or fraction thereof, for the value over \$1,000,000.</u></p> <p><u>For projects valued at \$5,000,000 or more, the fee is <b>\$10,900</b> for first \$5,000,000 plus <b>\$0.50</b> for every \$1,000, or fraction thereof, for the value over \$5,000,000.</u></p>
<b>Special Project</b>	<p>A Building Permit is required to substantially alter, enlarge, repair, move, remove, demolish or convert for use a special project in unincorporated Travis County. Special projects include marinas, outdoor recreation areas, outdoor flea markets and similar facilities.</p>	<p>The fee is <b>\$540.00</b> plus <b>\$60.00</b> per hour for plans review and inspections. Travel time will be incorporated when calculating this fee.</p>
<b>Express Permit</b>	<p>An Express Permit covers the addition of small structures to a site with a previously issued permit.</p>	<p>The fee is <b>\$120.00</b> per structure.</p>

CONSTRUCTION PERMITS		
<p>A construction permit is required for installation of, or modification to, the following systems. Permit fees must be paid when the permit application is submitted. The Travis County Fire Marshal's Office can accept a business check, money order or cashier's check. Please make checks payable to the Travis County Fire Marshal's Office.</p>		
PERMIT	SCOPE	PERMIT FEE
<b>Automatic Fire-Extinguishing Systems</b>	An automatic fire-extinguishing system. An automatic fire-extinguishing system will include kitchen suppression systems, halon, dry chemical, wet chemical, clean agent and similar systems. A separate permit is required for each system.	<b>\$325.00</b>
<b>Fire Alarm and Detection Systems</b>	A fire alarm and detection system.	The fee is based upon the number of initiating or signaling devices included in the system. For systems with 100 or fewer devices, the fee is <b>\$360.00</b> . For systems with 101 or more devices the fee is <b>\$360.00</b> plus <b>\$0.50</b> for each device in excess of 100. The maximum fee is <b>\$2,000.00</b>
<b>Fire Pump System</b>	A fire pump system.	<b>\$360.00</b>
<b>Fire Sprinkler System.</b>	A fire sprinkler system. A system is defined as a single riser and control valve. Fire sprinklers associated with a kitchen suppression system shall be permitted as an automatic fire extinguishing system. Multiple fire sprinkler risers in multi-story buildings require multiple inspections.	The fee is based upon the number of sprinklers included in each riser/system. For risers/systems with 200 or fewer sprinklers the fee is <b>\$360.00</b> . For risers/systems with 201 or more sprinklers, the fee is <b>\$360.00</b> plus <b>\$0.50</b> for each sprinkler in excess of 200. The maximum fee is <b>\$2,000.00</b> per system.
<b>Fire Standpipe System</b>	A fire standpipe system. Combination sprinkler/standpipe systems shall be permitted as a fire sprinkler system.	<b>\$300.00</b>

### CONSTRUCTION PERMITS, CONTINUED

<b>Private Water Supply</b>	<p>A private fire protection water supply system. This permit applies to private fire hydrants and water storage tanks installed for private fire protection.</p> <p>When a commercial or public building is built without a public water supply utilizing dry hydrants, cisterns, tanks, etc. This fee is for reviewing plans for these systems and inspecting the system once the public water supply is installed.</p>	<b>\$360.00</b>
<b>Underground Fire Line</b>	<p>An underground fire lines. An underground fire line is the underground piping associated with the installation of a fire sprinkler and/or standpipe system. Underground lines serving fire hydrants shall be permitted as a private water supply.</p> <p>A special license is required for installation of underground fire lines because above ground fire sprinklers and the underground fire lines are not always installed by the same installer because of license requirements or separate bids. In addition, an underground fire sprinkler line must be inspected before covered over and a two-hour hydrostatic test is also required.</p>	<b>\$330.00</b>
<b>Tank Installation</b>	<p>An aboveground or underground storage tank designed to contain compressed gases, cryogenic fluids, flammable or combustible liquids, hazardous materials or LPG.</p>	<b>\$360.00</b> for each tank or set of tanks located within a single containment system
