APPENDIX B: Demographic Characteristics of 18-24 year olds

american community survey
Public Use Microdata Sample

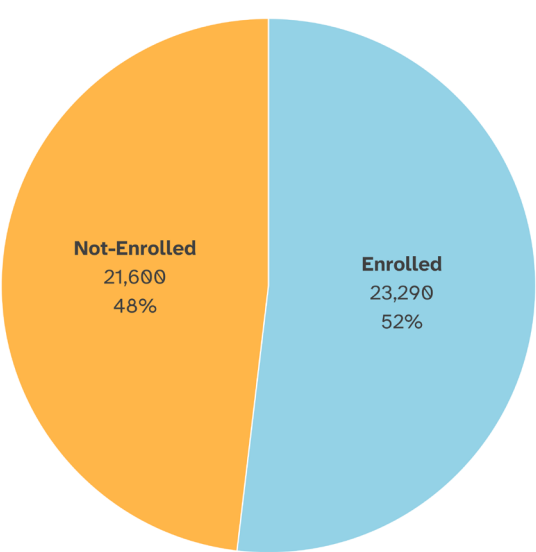

5-year estimates
2024

The Income Profile of Travis County highlights that 44% of 18 to 24 year olds are living under 200% of the poverty threshold, the highest among all demographic age groups and double the Travis County poverty rate under 200% which sits at 22%.¹ This data signals that the 18-24 year old population in Travis County is a data outlier.

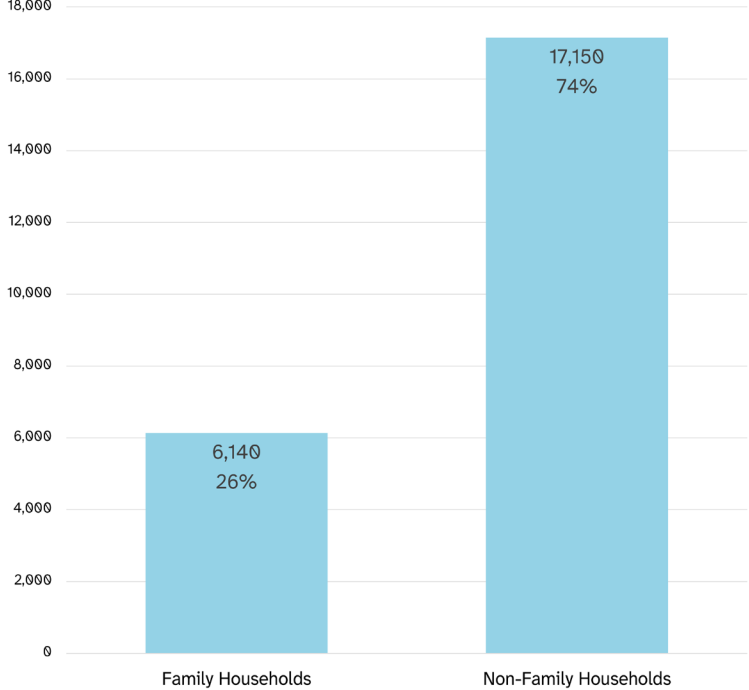

An analysis of 2020-2024 American Community Survey Public Use Microdata Sample (PUMS) shows that the 52% of 18-24 year olds living under 200% of poverty are enrolled in school with the majority living in non-family households.²

The median income for 18-24 year olds not enrolled in school is \$21,000, more than ten times the median income of 18-24 year olds enrolled in school.³

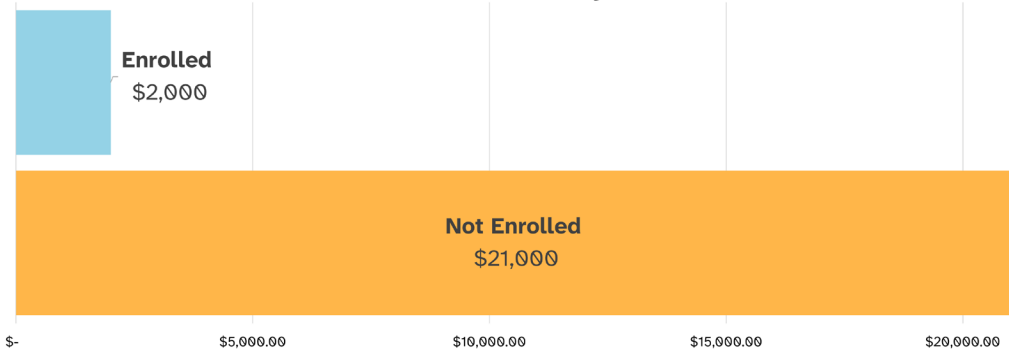

18-24 years old population living below 200% poverty by School Enrollment
Travis County
n = 44,890

18-24 year olds under 200% of poverty Enrolled in School by Household Type
Travis County
n = 23,290
