

The CPS Reintegration Project

looks forward to collaborating with you!

Simply ask yourself the following questions about the children on your caseload – then contact Charity or Shannon for more information, or to begin the referral process.

- Is there a parent or relative living in Travis County who wants the child to live with them?
- Will the reunification happen in 3-5 months?
- Does the caregiver feel they need extra support to make this work?
- Does this child have complex mental health needs and behavioral challenges?
- Is the child currently placed in an RTC or Specialized Foster Placement?

**The CPS
Reintegration
Project**

*Bringing
Children Back
to their
Community*

We will work with you to support children or youth that are transitioning from specialized-level CPS care to a permanent family home in Travis County.
