PY2014 Annual Action Plan

NOTE: This action plan was extracted from the PY2014-18 Consolidated Plan & Action Plan. Only the section and table numbering was changed. All other content remains the same.

A. Expected Resources

Introduction

For the Consolidated Planning period, the County anticipates receiving an estimated 4.9 million dollars. This estimate is based off the County receiving increased allocation over the last couple of years in spite of reduced or level funding at the federal level. The increased funding occurs due to the increased growth of population and poverty in the CDBG service area. Due to tightening domestic spending, the CDBG allocation is expected to remain level or likely decrease over the next four years, however, staff believes the population growth will offset an allocation reduction. In PY14, the County expects to receive \$997,649. Additionally, three projects from prior years will continue to be implemented: 1) Lake Oak Estates Street Improvement Project; 2) Land Acquisition to Support Affordable Single Family Home Development; and 3) Owner Occupied Home Rehabilitation Project.

C. Projects

Introduction

Travis County residents, services providers and County departments had the opportunity to present potential CDBG projects through a variety of mechanisms:

By participating in any of the six public hearings held during the months of February and March, 2014. Two hearings were held at the Travis County Commissioners Court and the other four were held throughout each of the four County precincts.

Through the completion of a Needs Assessment Survey or a Project Proposal Form. Those that were not able to attend public hearings had the choice of filling out these two forms by accessing it on the Travis County Website or by requesting it from Travis County CDBG staff.

The following projects for PY14 were approved by Travis County Commissioners Court on June 10, 2014. For a full description of projects, including relevant maps, please refer to the "PY14 Projects Appendix."

| # | Project Name |
|---|--|
| 1 | PY14 New Rental Housing Units |
| 2 | PY14 Street Improvements |
| 3 | PY14 Owner Occupied Housing |
| 4 | PY14 FSS Social Work Services Expansion Project |

Table 4 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Travis County CDBG staff considered and weighed all potential projects identified by the public. First, the CDBG Office staff assessed whether potential projects met one of HUD's national objectives, were eligible CDBG activities, and were feasible to complete in a timely manner.

Second, CDBG staff further evaluated the projects according to the following criteria:

Addresses a high priority goal of the Strategic Plan: Projects addressing one of the high priority categories identified in the strategic (consolidated) plan are given a priority.

Feasibility of project: Projects that have the ability to be implemented and completed within 18 months receive a more favorable review. Phased projects for which 12-18 months of work would leave an incomplete project with little to no impact are considered with less priority.

Impacts a significant number of households: Project scope and the number of persons benefiting are

PY2014 Annual Action Plan

considered to determine the level of project impact.

Benefit to low/moderate-income persons: Projects that benefit low- and moderate-income households receive a more favorable review.

Leverages/matches with funding from another source: Projects that utilize other funds (federal, state, local, private) and public/private joint efforts receive a more favorable review.

In addition, the Action Plan includes approved alternate projects. This allows for the pre-planning of unforeseen incidents, and allows the CDBG program to utilize the funds in a timely manner toward pre-identified alternate projects. Resources, including time and money, that would otherwise be used to add or delete projects through the customary Substantial Amendment process described in the Citizen Participation Plan can be saved.

Project Summary

| | | |
|----------|--|--|
| 1 | Project Name | PY14 New Rental Housing Units |
| | Target Area | Not applicable |
| | Goals Supported | Creation of New Rental Units |
| | Needs Addressed | Housing |
| | Funding | CDBG: \$343,010 |
| | Description | This project is a proposed 192-unit affordable multifamily housing development. The apartments will feature well-appointed one-, two-, and three- bedroom apartment homes. |
| | Target Date | 9/30/2016 |
| | Estimate the number and type of families that will benefit from the proposed activities | The project will consist of 192 units and will serve low- to moderate-income individuals at or below 60% of Area Median Income. |
| | Location Description | The project will be located at either 12701 Lowden Lane or 727 FM 1626 in Manchaca or an alternate location still to be determined. |
| | Planned Activities | Land Acquisition will occur on or about January 2015. Completion of construction and rental of units to be expected on or about March 2016. |
| 2 | Project Name | PY14 Street Improvements |
| | Target Area | Not applicable |
| | Goals Supported | Street Improvements |
| | Needs Addressed | Infrastructure |
| | Funding | CDBG: \$125,000 |

PY2014 Annual Action Plan

| | | |
|----------|--|---|
| | Description | Forest Bluff is located in eastern Travis County, Precinct 1. Most of the roads in the subdivision have been accepted by Travis County as maintained right-of-way. Several streets were not accepted by the County. Lack of regular maintenance has caused the roadway to deteriorate. This project would serve to bring the roadway up to Travis County standards and have it accepted for future maintenance as a Travis County roadway and make any necessary drainage improvements. |
| | Target Date | 9/30/2016 |
| | Estimate the number and type of families that will benefit from the proposed activities | The improvements impact 564 persons (94 households), of which 94.1% are low-to-moderate income. |
| | Location Description | Forest Bluff, Precinct 1 of Travis County. Please refer to the "PY14 Projects Appendix" for a map of the neighborhood. |
| | Planned Activities | The project will be broken up into three phases and will include improvement to sections of: Arizona Oak Lane, Stave Oak Lane, Bigelow Drive, Catsby Court, English Avenue, and Delta Post Drive. The first phase of the project, funded with PY14 funds, will include: 1) design services; 2) land surveying services; 3) geo-technical services; 4) drainage design services; 5) utility location and relocation coordination services; 6) environmental review and related regulatory permits; and 7) project management time. Construction will be phased over two years. |
| 3 | Project Name | PY14 Owner Occupied Housing |
| | Target Area | Not applicable |
| | Goals Supported | Owner Occupied Home Rehabilitation |
| | Needs Addressed | Housing |
| | Funding | CDBG: \$200,000 |
| | Description | This project funds minor home repair services for low- and moderate-income homeowners in the unincorporated areas of Travis County and the Village of Webberville, to move homes towards Housing Quality Standards. |
| | Target Date | 9/30/2015 |

PY2014 Annual Action Plan

| | | |
|----------|--|---|
| | Estimate the number and type of families that will benefit from the proposed activities | These funds are targeted toward homeowners at or below 80% MFI in the CDBG service area. Eight households will be served with PY14 funds. |
| | Location Description | Households can be located anywhere in the unincorporated areas of Travis County or the Village of Webberville. |
| | Planned Activities | The program seeks to improve the energy efficiency, physical living conditions, and safety in owner-occupied homes. A 0% interest, forgivable 5-year loan up to \$24,999 with no required annual or monthly payments is available. The loan is forgiven at a pro-rata rate of 20% for each year of home ownership. Some of the allocation will be used for project delivery costs of the project and some of the allocation may partially fund a CDBG Planner position to complete environmental paperwork, final inspections and sign off and any other needed project delivery related costs. |
| 4 | Project Name | PY14 FSS Social Work Services Expansion Project |
| | Target Area | Not applicable |
| | Goals Supported | Expansion of Social Work Services |
| | Needs Addressed | Community Services |
| | Funding | CDBG: \$80,110 |
| | Description | This program is an internal Travis County Health and Human Services & Veterans Service expansion of existing services. The program increases program capacity to provide case management, information and referral, non-clinical counseling, crisis intervention and outreach in all four precincts of the unincorporated areas. |
| | Target Date | 9/30/2015 |
| | Estimate the number and type of families that will benefit from the proposed activities | The project will serve 400 individuals who are at or below 80% MFI. |

PY2014 Annual Action Plan

| | | |
|----------|--|--|
| | Location Description | Households can be located anywhere in the unincorporated areas of Travis County or the Village of Webberville. |
| | Planned Activities | The project will fund the equivalent of one FTE social worker who works at a Travis County HHS/VS facility, however, to reduce transportation barriers; the social worker provides the majority of service provision through home visits. Additionally, part of the funds may be used for 9 Homeless Management Information System (HMIS) licenses to provide access for a new HUD requirement through the Continuum of Care called coordinated assessment, which evaluates the vulnerability of homeless or people at-risk of homelessness to more rapidly house them. Furthermore, operating expenses necessary to provide home based services, mileage, and training, among others may be funded. |
| 5 | Project Name | PY14 Tenants' Rights and Fair Housing Counseling |
| | Target Area | Not applicable |
| | Goals Supported | Tenants' Rights and Fair Housing Counseling |
| | Needs Addressed | Community Services |
| | Funding | CDBG: \$50,000 |
| | Description | The funds are allocated for Tenants' Rights and Fair Housing Counseling for residents of the unincorporated areas and the Village of Webberville. |
| | Target Date | 9/30/2015 |
| | Estimate the number and type of families that will benefit from the proposed activities | The project will serve 68 individuals. At least 51% of the recipients will be at or below 80% of the Median Family Income (MFI). Because housing discrimination occurs at all income levels, the project will be allowed to service up to 33 households above 80% MFI. |
| | Location Description | Households may be located anywhere in the unincorporated areas of Travis County or the Village of Webberville. |

PY2014 Annual Action Plan

| | | |
|----------|--|---|
| | Planned Activities | Tenants' Rights services include: telephone counseling and in-person mediation, as needed. Fair housing services include: fair housing counseling, fair housing complaint processing and testing in support of an individual complainant. Additionally, part of the funds will be used for allowable program delivery costs such as outreach and marketing. |
| 6 | Project Name | PY14 Administrative & Planning |
| | Target Area | Not applicable |
| | Goals Supported | |
| | Needs Addressed | |
| | Funding | CDBG: \$199,529 |
| | Description | The funds allocated for administration and planning will pay for the administration expenses associated with the grant. |
| | Target Date | 9/30/2015 |
| | Estimate the number and type of families that will benefit from the proposed activities | Not Applicable |
| | Location Description | Not Applicable |
| | Planned Activities | The funds allocated for administration will pay for the operating expenses associated with the grant including office supplies, training, contracted services, interpreting, fair housing activities, membership, Action Plan, annual report, reporting and other business related expenses. Additionally, the funds will pay for a portion (100% and 60%) of the salaries for the two CDBG Planners (one full time and one 3/4 time), and a portion (25%) of the salary of a TNR Senior Engineer. These positions are responsible for project development, action plan and annual report development, monitoring, and reporting and other tasks relating to administration and planning. |

Table 5 – Project Summary

D. Geographic Distribution

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The jurisdiction of the County's CDBG program is the unincorporated areas of the County and the Village of Webberville. Projects are located in eligible areas throughout the jurisdiction.

Rationale for the priorities for allocating investments geographically

While the program does not specifically target geographic areas within the jurisdiction, geography is a consideration when evaluating different types of projects. In impacted areas, primarily in the Southeastern parts of the jurisdiction, projects that improve access to services and improve neighborhood quality are prioritized. New housing development projects are prioritized in non-impacted areas of high opportunity that would further fair housing goals. Infrastructure projects are considered in areas of need throughout that jurisdiction and are typically located in neighborhoods characterized by isolated pockets of poverty.

E. Affordable Housing

Introduction

During PY14, the CDBG program will fund acquisition of land for new construction of 192 units of affordable rental housing. The project will serve low- to moderate-income individuals at or below 60% of Area Median Income. The ongoing Home Repair project is anticipated to repair 8 homes during PY14. While there are no specific goals associated with assisting Disabled and Elderly households, the Home Repair project does target these populations.

| One Year Goals for the Number of Households Supported Through | |
|---|-----|
| Rental Assistance | 0 |
| The Production of New Units | 192 |
| Rehab of Existing Units | 8 |
| Acquisition of Existing Units | 0 |
| Total | 200 |

Table 6 - One Year Goals for Affordable Housing by Support Type

F. Public Housing

Introduction

There are no public housing units in the jurisdiction. Therefore there are no actions related to public housing for the CDBG program in PY14.

Actions planned during the next year to address the needs to public housing

There are no public housing units in the jurisdiction. Therefore there are no actions related to public housing for the CDBG program in PY14.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

There are no public housing units in the jurisdiction. Therefore there are no actions related to public housing for the CDBG program in PY14.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority of Travis County is not designated as troubled.

G. Homeless and Other Special Needs Activities

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including - Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The CDBG funded Social Work project will assist in piloting the Continuum of Care's Coordinated Assessment system in areas outside the urban core. In PY14, the project includes funding for 9 HMIS licenses for the social workers and their supervisor.

Addressing the emergency shelter and transitional housing needs of homeless persons

HHS/VS provides general fund dollars to variety of agencies that work on homelessness issues through its social service contract investments. No federal funds will be used in PY14 for emergency or transitional housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The social work team, which is partially funded by the CDBG program, holistically assist individuals and families in gaining or maintaining housing stability. Additionally, HHS/VS provides general fund dollars to variety of agencies that work on homelessness issues through its social service contract investments.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The social work team, which is partially funded by the CDBG program, holistically assist individuals and families in gaining or maintaining housing stability. Additionally, HHS/VS provides general fund dollars to variety of agencies that work on homelessness issues through its social service contract investments.

H. Barriers to affordable housing

Introduction

Texas, a Dillon's rule state, does not allow counties to adopt home rule; therefore, the powers they may exercise are limited to those explicitly granted by state government. For Texas counties, this does not include the authority to adopt building codes. What applies outside of incorporated boundaries are the standards of the International Building Code, which has been effectively adopted by the state. Additionally, Travis County is limited by state law in the extent of its land use authority. In unincorporated areas, Texas counties may approve the subdivision of land, construct and maintain subdivision roads and assess costs to landowners, and may specify minimum standards for road construction and drainage.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

To offset the lack of land use authority, the County will develop a comprehensive Affordable Housing Policy for Travis County that includes siting recommendations.

During the 2015 Texas Legislative Session, the County will continue its legislative advocacy efforts in the interest of gaining increased land-use authority and the ability to adopt and enforce a building code.

I. Other Actions

Actions planned to address obstacles to meeting underserved needs

The CDBG program will continue its advocacy efforts on behalf of the low income residents of the unincorporated areas. These efforts include sponsoring tours of the unincorporated areas for non profits and other Travis County departments to raise awareness of need in these neighborhoods, and participation in forums where these needs may be discussed.

To assist providers in strategically moving services into the unincorporated areas, CDBG staff will create a document that includes zip code level maps and demographic data on neighborhoods in the unincorporated areas as well as an inventory of services currently being provided to residents.

Actions planned to foster and maintain affordable housing

During PY14, the CDBG program will fund land acquisition for a proposed 192-unit affordable multifamily housing development to be located at either 12701 Lowden Lane or 727 FM 1626 in Manchaca or an alternate location to be determined. The project will serve low- to moderate-income individuals at or below 60% of Area Median Income, a population that will benefit as rental rates in the Austin/Round Rock MSA continue to increase. At time of lease-up, 100% of the units will be occupied by low- to moderate- income households, and 51% of the units will have an affordability period of 30 years.

The Home Repair program will be funded in PY14, which will assist in maintaining owner occupied homes for low- and moderate- income households. Finally, Street Improvement projects will help maintain neighborhood quality, thereby helping to preserving home values of low- and moderate-income households.

Actions planned to reduce lead-based paint hazards

During PY14, Travis County will partner with the City of Austin to expand the City's Lead Based Paint Remediation program outside of the City's boundaries. Additionally, the CDBG funded Home Repair Project will continue to assess homes for lead based paint hazards as part of intake into the program and any work performed on homes will be according to the program's prescribed lead based paint standards.

Actions planned to reduce the number of poverty-level families

Travis County's lead agency for administering CDBG funds is the Health and Human Services & Veterans Service Department. The goal of the department is to address community needs through internal and external investments and services. The department strives to accomplish the following: Maximize quality of life for all people in Travis County; Protect vulnerable populations; Invest in social and economic well-being; Promote healthy living: physical, behavioral, and environmental; and Build a shared understanding of our community. Travis County operates a number of anti-poverty programs that assist individuals and families on multiple fronts in transitioning from crisis to self-sufficiency. The County carries out its anti-poverty programs both through the direct delivery of services managed by

HHS/VS and by purchasing services from private and not-for-profit agencies in the community. In addition to the provision of direct services, Travis County continually assesses the poverty and basic needs of county residents, works with stakeholders in facilitating anti-poverty efforts, and supports public policy initiatives that prevent and ameliorate conditions of poverty. For more information on specific social service contract investments please refer to Section NA-45, Non-Homeless Special Needs Assessment.

Actions planned to develop institutional structure

During PY14, CDBG staff capacity will be increased by changing one planner position from .5 FTE to .75 FTE. Both CDBG staff and staff from partner departments will attend HUD trainings to increase expertise, and CDBG staff will continue internal cross training to enhance capacity in the event of staff turnover.

Actions planned to enhance coordination between public and private housing and social service agencies

To assist service providers in extending services into the unincorporated areas, CDBG staff will create a document that can be used by service providers and includes zip code level maps and data on neighborhoods in the unincorporated areas as well as an inventory of services currently being provided to residents.

J. Program Specific Requirements

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

| | |
|--|----------|
| 1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed | 0 |
| 2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. | 0 |
| 3. The amount of surplus funds from urban renewal settlements | 0 |
| 4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan | 0 |
| 5. The amount of income from float-funded activities | 0 |
| Total Program Income: | 0 |

Other CDBG Requirements

| | |
|---|------|
| 1. The amount of urgent need activities | 0 |
| 2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income.
