I. Executive Summary

Introduction

Under the provisions of Title 1 of the Housing and Community Development Act of 1974 (42 USC 5301), the Federal government, through the U.S Department of Housing and Urban Development (HUD), sponsors a program that provides Community Development Block Grants (CDBG) to cities and counties to develop viable urban communities by providing decent housing and a suitable living environment and by expanding economic opportunities for low- and moderate-income persons. Since 2006, Travis County has received CDBG funds from HUD on an annual basis.

Designated as the lead agency by the Travis County Commissioners Court, the Health and Human Services & Veterans Service Department (HHS/VS) prepares and submits this annual Action Plan to HUD every year. HHS/VS is responsible for the public notification process, approval of projects, and the administration of these grants.

The Action Plan for Program Year 2016 (PY16) is the County's strategy for addressing the community's critical housing and community development needs in the Travis County CDBG service area, which includes all the unincorporated areas and the Village of Webberville. PY16 is the third year of the five year Consolidated Plan that spans PY14-PY18. Both the Consolidated Plan and Action Plan are developed under the guidelines established by HUD. The Action Plan allocates a total of \$1,087,585 for PY16, which will assist low- and moderate-income Travis County households in the CDBG service area with infrastructure improvements, home rehabilitation, land acquisition for affordable housing development and public services.

Community engagement and participation is an essential goal of this program, therefore the residents of Travis County were instrumental in developing this Plan. County staff drew on a variety of data sources to provide a quantitative analysis of community needs and provided multiple opportunities to collect public input. The draft Annual Action Plan will be available for public review and additional comments will be received at two public hearings and considered in the final preparation of the Plan.

At the end of each fiscal year, the County must also prepare a Consolidated Annual Performance Evaluation Report (CAPER) to provide information to HUD and the public to evaluate the County's performance and to determine whether the activities undertaken during the program year helped to meet the County's five-year goals and to address priority needs identified in the Consolidated Plan and the Annual Action Plan. This annual performance report, prepared with public review and comment, must be submitted to HUD annually, no later than December 31st.

Summary of Objectives and Outcomes Identified in the Plan

After considering the housing, community development, and public service needs of Travis County's low- to moderate-income residents, along with public engagement efforts, Travis County Commissioners Court identified priorities for the five-year consolidated planning period. Please see Table 1 below.

Based on these priorities and the results of the PY16 Community Needs Assessment, the Commissioners Court approved projects for PY16, as summarized in Table 2. For a detailed discussion of projects, please refer to Section "AP-35 Projects" of this Plan.

Evaluation of Past Performance

Program Year 2015 (PY15) marked the tenth year that Travis County received CDBG funds. Funds from 2013-2015 are currently being spent. As projects are implemented, internal monitoring is taking place to assure grant compliance and project effectiveness. HUD monitored Travis County's CDBG program in April 2010 and June 2013 with no findings and one concern related to timely spending of funds. The County's external auditor also reviewed the program in 2013 and 2015 and had no findings.

As part of the mandate from Congress to administer the CDBG program, each year HUD determines whether each CDBG entitlement is carrying out its activities "in a timely manner." HUD conducts an analysis of each entitlement's timeliness of spending 10 months into each grant year. For Travis County, the test occurs every August. The threshold for compliance with timeliness is having no more than 1.5 times the current year's allocation unspent. In PY13 and PY14, the CDBG program achieved timeliness and it is anticipated that the program will achieve timeliness in PY15.

Summary of Citizen Participation Process and Consultation Process

For the PY16 Action Plan, information on community needs was gathered through a variety of mechanisms. During the month of March 2016, the public and service providers had the opportunity to provide input by: 1) attending one of five public hearings, 2) completing a Needs Assessment survey, and/or 3) completing a Project Proposal form. As a result of the public participation process:

- 17 people attended the public hearings,
- 84 responses were received for the Needs Assessment Survey, and
- 20 project proposals were received.

For more details and the full results of the process, please refer to "Appendix A: Public Participation." After presentation to the Commissioners Court, the draft PY16 Action Plan will be posted for public comment for thirty days.

Summary of public comments

The draft PY16 Action Plan will be posted for comment from June 27, 2016-July 26, 2016. All comments received will be added to the final draft of the Action Plan.

Summary of comments or views not accepted and the reasons for not accepting them

The draft PY16 Action Plan will be posted for comment from June 27, 2016-July 26, 2016. All comments received will be added to the final draft of the Action Plan.

II. The Process

II.A. Lead & Responsible Agencies

Narrative

The HHS/VS Department is the lead county agency responsible for the administration of the County’s CDBG funding. This Department has the primary responsibility of assessing community needs, developing the Consolidated Plan and annual Action Plans, managing project activities in conjunction with other county departments and community partners, administering the finances, and monitoring and reporting. The CDBG office is located in the Office of the County Executive within HHS/VS. The Department reports to the Travis County Commissioners Court for oversight authority.

II.C. Consultation

Introduction

Service providers, Travis County departments and other local governmental agencies had several different opportunities to participate in the PY16 Action Plan process: 1) completion of a Community Needs Assessment; 2) Submission of a Project Proposal; and 3) through consultation on specific content areas in the plan.

The PY16 Community Needs Assessment was available as an online survey. Respondents were asked to assist in determining the spending priorities for PY16, by ranking three of the six investment categories (Populations with Specialized Needs, Community Services, Housing, Infrastructure, Public Buildings and Facilities, and Business and Jobs) as most urgent, urgent and important needs. In total, 46 responses were received from service providers. Forty-three responses were from non-profit organizations, and 3 were from units of local government.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies.

During PY16, CDBG staff will continue to work closely with the Travis County Housing Finance Corporation and other Travis County departments to implement the actions outlined in the County's Fair Housing Plan. As part of this process, the County has convened an Affordable Housing Policy Committee. While the committee is made up of Travis County and City of Austin staff, the structure of the work includes consultation with an advisory group consisting of representatives from other units of local government, nonprofit and for profit housing developers and social service agencies. As the committee creates or refines policies, they will seek input from this advisory group to ensure effective coordination between all parties.

CDBG staff provide technical assistance to the Housing Authority of Travis County on an as needed basis. During PY15, staff have provided GIS mapping services as well as technical assistance on affirmative marketing and fair housing.

Additionally, CDBG staff and other Travis County Departmental staff participate in a variety of planning efforts that include a variety of stakeholders such as the City of Austin, local nonprofits and other regional organizations. Some of these efforts include participation in the Reentry Roundtable, the Ending Community Homelessness Coalition (ECHO), the Community Health Improvement Plan, and the Permanent Supportive Housing Leadership Committee. In PY16, CDBG staff will be implementing projects with Capital Metro, the local transportation agency, to expand public transit access to residents of the unincorporated areas.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The CDBG funded Social Work project is assisting in piloting the Coordinated Assessment system in areas outside the urban core. On January 22, 2016 as part of the annual Point-In-Time Count of people experiencing homelessness, magnet events were held at the Travis County Community Centers to help provide a more accurate count of the homeless population in the outlying areas. HHS/VS staff participate on the Independent Review Team, Membership Council, and Housing Committee, while the Family Support Services Division provide homelessness prevention services. Finally, HHS/VS staff provide general fund dollars to a variety of agencies that work on homelessness issues through its social service contract investments.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

The Jurisdiction does not receive ESG funds.

Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities.

III. Public Participation

Summary of citizen participation process / Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

For the PY16 Action Plan, information on community needs was gathered through a variety of mechanisms. During the months of March 2016, the public and service providers had the opportunity to provide input by 1) attending one of five public hearings, 2) completing a survey, and/or 3) completing a project proposal form.

To assist in determining the spending priorities for PY16, residents and service providers were asked to rank three of the six categories as “most urgent” “urgent” and “important” needs for the PY16 period. Thirty-eight residents submitted responses to the Needs Assessment survey. Additionally, Project Proposals were solicited from residents, nonprofits and Travis County departments to identify potential projects for PY16. For detailed results of the public engagement process please refer to the Appendix "Public Participation."

After presentation to the Commissioners Court, the draft of the PY16 Action Plan will be posted for public comment for thirty days.

IV. Expected Resources

Introduction

For the Consolidated Planning period, the County anticipates receiving an estimated 4.9 million dollars. This estimate was made with the expectation that the County will receive an increased allocation over the planning period, as has been the case over the last several program years. The increased funding occurs due to the increased growth of both population and percentage of people living in poverty in the CDBG service area. In PY16, Travis County expects to receive \$1,087,585. Prior year projects including the Owner Occupied Home Rehabilitation project, Inclusive Park project, and Hillmoore Drive Street Improvement project will continue to be implemented with funding from prior years.

Table 9 - Goal Descriptions

1	Goal	Community Services
	Description	The Northeast Feeder Route (Routes 233 and 237) is a Capital Metro bus route located in Northeast Austin and unincorporated Travis County. Areas served by the route include Eagles Landing Apartment Community and schools in unincorporated Travis County. The Tenant's Rights and Fair Housing Counseling project provides services for residents of the unincorporated areas and the Village of Webberville. The Social Work Services Project is an internal Travis County Health and Human Services & Veterans Service expansion of existing services. The program increases program capacity to provide case management, information and referral, non-clinical counseling, crisis intervention, and outreach.

2	Goal	Housing
	Description	The Owner Occupied Septic System Program would provide a grant of up to \$24,999 to eligible homeowners in the CDBG service area for activities related to repair or replacement of failing or non-compliant on-site sewage systems. The land acquisition project would provide funds to a subrecipient (to be identified) for the purpose of developing affordable housing in the CDBG service area.
3	Goal	Infrastructure
	Description	The Hillmoore Drive Street Improvement project will provide the improvements necessary to bring the roadway up to Travis County standards and be accepted as a County-maintained road.

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

The land acquisition project would provide funds to a subrecipient (to be identified) for the purpose of developing affordable housing in the CDBG service area. The funds could be used for leveraged funding for a project with multiple funding streams, or used as sole funding for lot purchase. The land purchased could be used for the development of either rental or owner occupied affordable housing. A subrecipient will be identified through an RFS process. An estimated two low to moderate income households would benefit from the project. A separate public engagement process will occur once the project location and specific details are finalized so the public may review the project.

VI. Projects

VI.A. Introduction

Travis County residents, services providers and County departments had the opportunity to present potential CDBG projects through a variety of mechanisms:

- Participation in any of the five public hearings held during the months of March 2016. One hearing was held at the Travis County Commissioners Court and the other four were held throughout each of the four County precincts;
- Completion of a Needs Assessment Survey;
- Submission of a Project Proposal Form.

Those that were not able to attend public hearings had the choice of filling out one or both of these forms by accessing it on the Travis County Website or by requesting it from Travis County CDBG staff.

The following projects were approved by the Commissioners Court on May 31, 2016. For a full description of projects, including relevant maps, please refer to "Appendix B: CDBG PY16 Projects & Alternate Projects."

Table 10 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Travis County CDBG staff considered and weighed all potential projects identified by the public. First, the CDBG Office staff assessed whether potential projects met one of HUD's national objectives, were eligible CDBG activities, and were feasible to complete in a timely manner. Second, CDBG staff further evaluated the projects according to the following criteria:

- Addresses a high priority goal of the Strategic Plan: Projects addressing one of the high priority categories identified in the strategic (consolidated) plan are given a priority.
- Feasibility of project: Projects that have the ability to be implemented and completed within 18

months receive a more favorable review. Phased projects for which 12-18 months of work would leave an incomplete project with little to no impact are considered with less priority.

- Impacts a significant number of households: Project scope and the number of persons benefiting are considered to determine the level of project impact.
- Benefit to low/moderate-income persons: Projects that benefit low- and moderate-income households receive a more favorable review.
- Leverages/matches with funding from another source: Projects that utilize other funds (federal, state, local, private) and public/private joint efforts receive a more favorable review.

After using the scoring matrix to identify recommended projects, projects were evaluated from the perspective of the County's Fair Housing Plan. Though this was not an evaluation factor when projects were being considered for recommendation, it is an overarching program goal to further the aims of fair housing. In future years, CDBG staff may recommend to the Commissioners Court that a fair housing component be added to the project evaluation matrix. All projects approved for PY16 meet objectives in the County's Fair Housing Plan.

In addition, the Action Plan includes approved alternate projects. This allows for the pre-planning of unforeseen incidents, and allows the CDBG program to utilize the funds in a timely manner toward pre-identified alternate projects. Resources, including time and money, that would otherwise be used to add or delete projects through the customary Substantial Amendment process described in the Citizen Participation Plan can be saved.

VI.B. Projects Summary

Table 11 – Project Summary

1	Project Name	PY16 Transportation Services
	Target Area	N/A
	Goals Supported	Community Services
	Needs Addressed	Community Services
	Funding	CDBG: \$56,053
	Description	This project provides funding for the portion of the Capital Metro bus route Northeast Feeder Route (Routes 233 and 237) located in the unincorporated area.
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	11,120 individuals, 71.49% of whom are low to moderate income.
	Location Description	The Northeast Feeder Route (Routes 233 and 237) is an expansion to a Capital Metro bus route located in Northeast Austin and unincorporated Travis County. Please refer to "Appendix B: CDBG PY16 Projects & Alternate Projects" for a map of the location.
	Planned Activities	The project would fund bus service for the portion of the Northeast Feeder Route located in the unincorporated area. The project would be implemented by Capital Metro. The route also provides direct service to the Mobile Loaves & Fishes Community First! Village which will house over 250 residents, all of whom will be formerly chronically homeless, disabled and dependent on transit.
2	Project Name	PY16 Owner Occupied Septic System Program
	Target Area	N/A
	Goals Supported	Housing

	Needs Addressed	Housing
	Funding	CDBG: \$250,000
	Description	This project would provide a grant of up to \$24,999 to eligible homeowners in the CDBG service area for activities related to repair or replacement of failing or non-compliant on-site sewage systems.
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	Eight low to moderate income households will benefit from the project.
	Location Description	Houses may be located anywhere in the CDBG service area.
	Planned Activities	This project would provide a grant of up to \$24,999 to eligible homeowners in the CDBG service area for activities related to repair or replacement of failing or non-compliant on-site sewage systems and any related costs needed to allow for the repairs, including but not limited to surveys, engineering, design and permits. The program would be administered by Meals and Wheels and More. Some of the allocation will be used for project delivery incurred by the subrecipient and to partially fund a CDBG planner position to complete environmental reviews, final inspections and sign off, and any other needed project delivery related costs.
3	Project Name	PY16 Street Improvements
	Target Area	N/A
	Goals Supported	Infrastructure
	Needs Addressed	Infrastructure
	Funding	CDBG: \$210,000
	Description	Phase 2 street improvements for Hillmoore Drive.
	Target Date	9/30/2017

	Estimate the number and type of families that will benefit from the proposed activities	3,510 individuals, of whom 61.82% are low to moderate income.
	Location Description	Hillmoore Drive, please refer to "Appendix B: CDBG PY16 Projects & Alternate Projects" for a map of the location.
	Planned Activities	Hillmoore Drive is a low speed-low volume road that does not meet minimum Travis County standards, so it has not been accepted onto the Travis County maintained roadway system. Lack of an organized and routine roadway maintenance program will cause further deterioration of roadway condition that will decrease the safety of the road and jeopardize access to homes. This project will provide the improvements necessary to bring the roadway up to Travis County standards and be accepted as a County maintained road. The project is broken up into two phases. The first phase, funded with PY 15 grant funds, included design services and environmental assessment. Construction will be completed during the second phase of the project.
4	Project Name	PY16 Affordable Housing Development
	Target Area	N/A
	Goals Supported	Housing
	Needs Addressed	Housing
	Funding	CDBG: \$246,930
	Description	This project would provide funds for land acquisition for the purposed of developing affordable housing.
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	To be determined.
	Location Description	To be determined.

	Planned Activities	This project would provide funds to a subrecipient (to be identified) for the purpose of developing affordable housing in the CDBG service area. The funds could be used for leveraged funding for a project with multiple funding streams, or used as sole funding for lot purchase. The land purchased could be used for the development of either rental or owner occupied affordable housing. A subrecipient will be identified through an RFS process. Once the subrecipient identifies a parcel for purchase and a plan for development, the project would go out for public comment.
5	Project Name	PY16 Tenants' Rights and Fair Housing Counseling
	Target Area	N/A
	Goals Supported	Community Services
	Needs Addressed	Community Services
	Funding	CDBG: \$32,375
	Description	Tenant's Rights and Fair Housing Counseling services for residents of the CDBG service area.
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	55 individuals, at least 51% of whom are low to moderate income.
	Location Description	Clients may be located anywhere in the CDBG service area.
	Planned Activities	The funds are allocated for Tenant's Rights and Fair Housing Counseling for residents of the unincorporated areas and the Village of Webberville. Tenant's Rights services include: telephone counseling and in-person mediation, as needed. Fair housing services include: fair housing counseling, fair housing complaint processing and testing in support of an individual complainant. Additionally, part of the funds will be used for allowable program delivery costs such as marketing materials and office supplies. At least 51% of the recipients will be at or below 80% of the Median Family Income (MFI).
6	Project Name	PY16 FSS Social Work Expansion Project
	Target Area	N/A

	Goals Supported	Infrastructure
	Needs Addressed	CDBG: \$74,710
	Funding	This program provides social work services to clients in the CDBG service area, through an internal Travis County Health and Human Services & Veterans Service program.
	Description	9/30/2017
	Target Date	250 low to moderate income individuals.
	Estimate the number and type of families that will benefit from the proposed activities	Clients may be located anywhere in the CDBG service area.
	Location Description	Infrastructure
	Planned Activities	CDBG: \$74,710
7	Project Name	PY16 Administrative & Planning
	Target Area	N/A
	Goals Supported	N/A
	Needs Addressed	N/A
	Funding	CDBG: \$217,517
	Description	Administration and planning activities.
	Target Date	9/30/2017
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	N/A

Planned Activities	The funds allocated for administration will pay for the operating expenses associated with the grant including office supplies, training, contracted services, rule interpretation, fair housing activities, membership, action plan, annual report, reporting, and other business-related expenses. Additionally, the funds will pay for a portion (100% and 60%) of the salaries for the two CDBG planners (one full time and one 3/4 time) as well as a new part-time administrative position. These positions are responsible for project development, action plan and annual report development, monitoring and reporting, and other tasks relating to administration and planning.
---------------------------	--

VI.C. Geographic Distribution

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The jurisdiction of the County's CDBG program is the unincorporated areas of the County and the Village of Webberville. Projects are located in eligible areas throughout the jurisdiction. The Owner Occupied Septic System Program, Fair Housing and Tenant's Counseling project and Social Work projects will serve eligible clients throughout the CDBG service area. The Northeast Feeder Route service is located in an area of benefit that is 71.49% low and moderate income. The Hillmoore Drive street improvements project is located in an area of benefit that is 61.82% low and moderate income. The location of the Land Acquisition for Affordable Housing Development project has not been determined yet, but locations in non-impacted areas of high opportunity that would further fair housing goals will be prioritized. Please refer to "Appendix C: Maps" for project location maps and a map showing the location of the PY16 projects and impacted areas.

Rationale for the priorities for allocating investments geographically

While the program does not specifically target geographic areas within the jurisdiction, geography is a consideration when evaluating different types of projects. In impacted areas, primarily in the Southeastern parts of the jurisdiction, projects that improve access to services and improve neighborhood quality are prioritized. New housing development projects are prioritized in non-impacted areas of high opportunity that would further fair housing goals. Infrastructure projects are considered in areas of need throughout that jurisdiction and are typically located in neighborhoods characterized by isolated pockets of poverty.

Total	10

VII.A. Discussion

The Land Acquisition for Affordable Housing Development project is anticipated to create two new units of affordable housing. Because the specific location of the land acquisition is yet to be determined, the number of units that it will be feasible to develop may change.

The Owner Occupied Septic System project is anticipated to repair or replace septic systems for 8 homes.

The ongoing Home Rehabilitation project will continue to repair homes using prior year funds. While there are no specific goals associated with assisting disabled or elderly households, the project does target outreach to these populations.

VII.B. Public Housing

Introduction

The Housing Authority of Travis County (HATC) manages three public housing sites, a Section 8 Housing Choice Voucher Program, three Shelter Plus Care Projects, and a Lease-Purchase program. There are currently no Public Housing Units in the Travis County CDBG service area.

Actions planned during the next year to address the needs to public housing

There are over 200 people on the waiting list for public housing. The Housing Authority of Travis County (HATC) is approved for a Rental Assistance Demonstration (RAD) conversion to leverage debt in order to reinvest in the public housing facilities and to shift units to the Section 8 platform with the guarantee of long term affordability.

There are no public housing units in the CDBG jurisdiction, however CDBG program staff are actively engaged with housing authority staff in various capacities. The CDBG office and the HATC are always looking for potential partnership opportunities to create affordable housing units in the CDBG service area. To date no projects have been undertaken, but if a viable project is identified staff will present it to the Travis County Commissioners Court for consideration. In addition, CDBG staff have assisted the HATC with various technical assistance requests, including mapping housing authority projects and assisting with the creation of Limited English Proficiency Plan.

Finally, housing authority staff will participate as members of the Advisory Group to the Affordable Housing Policy Committee, to provide feedback on policy decisions made by the committee.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The HATC is currently implementing a program in partnership with Frameworks CDC to provide financial literacy classes to housing authority residents, the first step in financial independence that might result in homeownership. Additionally, the HATC is in the midst of a strategic planning process that includes assessing programs to help residents prepare for homeownership. One option being considered is a self-sufficiency program that might include components such as workforce readiness training, debt management and credit repair. Taken together, these actions would help prepare residents for homeownership opportunities.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority of Travis County is not designated as troubled.

VII.C. Homeless and Other Special Needs Activities

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The CDBG funded Social Work project will assist in piloting the Continuum of Care's Coordinated Assessment system in areas outside the urban core.

Addressing the emergency shelter and transitional housing needs of homeless persons

HHS/VS provides general fund dollars to a variety of agencies that work on homelessness issues through its social service contract investments. No federal funds will be used in PY16 for emergency or transitional housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The social work team, which is partially funded by the CDBG program, holistically assist individuals and families in gaining or maintaining housing stability. Additionally, HHS/VS provides general fund dollars to variety of agencies that work on homelessness issues through its social service contract investments.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The social work team, which is partially funded by the CDBG program, holistically assist individuals and families in gaining or maintaining housing stability. Additionally, HHS/VS provides general fund dollars to variety of agencies that work on homelessness issues through its social service contract investments.

One year goals for the number of households to be provided housing through the use of HOPWA for:	
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	N/A
Tenant-based rental assistance	N/A
Units provided in housing facilities (transitional or permanent) that are being developed, leased, or operated	N/A
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	N/A
Total	N/A

VII.D. Barriers to Affordable Housing

Introduction

Regional population growth has resulted in increased demand for housing, driving up both local housing prices and rents. Both prices and sales volume hitting historic highs in 2015. According to data supplied by the Real Estate Center at Texas A&M University, increases in home prices in the Austin MLS are significantly outpacing growth in income. Between 2010 and 2015, the Austin MLS median home price rose by 37% and the average home price rose by 32%. By contrast, the Median Family Income (MFI) increased by only 4% over the same period. According to American Community Survey 2014 data, a large percentage of both renters and owners in Travis County experience a housing cost burden, which is defined as spending 30% or more of household income on housing costs: 48% of renter households in Travis County spend 30% or more of their income on rent, and 23% of them spend at least half of their income on rent; 26% of owner households spend 30% or more of their income on housing costs and 10% spend at least half. The regional housing market is likely to remain extremely competitive over the next year, and housing affordability will remain a key issue for the region. As home prices and rents remain high or continue to escalate, low- and moderate-income households will find it increasingly difficult to locate affordable housing, and it is likely that housing developers and public entities.

Texas, a Dillon's rule state, does not allow counties to adopt home rule; therefore, the powers they may exercise are limited to those explicitly granted by state government. For Texas counties, this does not include the authority to adopt building codes. What applies outside of incorporated boundaries are the standards of the International Building Code, which has been effectively adopted by the state. Additionally, Travis County is limited by state law in the extent of its land use authority. In unincorporated areas, Texas counties may approve the subdivision of land, construct and maintain subdivision roads and assess costs to landowners, and may specify minimum standards for road construction and drainage.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The County has created an Affordable Housing Policy Committee in order to align affordable housing policies across all Travis County departments, in accord with the recommendations outlined in the Fair Housing Plan of the Analysis of Impediments. On April 14, 2015, the Travis County Commissioners Court approved a structure and charge for the committee. Travis County HHS/VS, through the CDBG Office, convened the first session of the Affordable Housing Policy Committee on June 3, 2015. The committee consists of key staff from various County departments that implement programs relevant to housing development and services. Additionally, an Advisory Group will be convened with the intention of providing technical expertise and stakeholder feedback on the committee recommendations.

To date the committee has created a comprehensive workplan, a set of values that will guide the work of the committee and the County's housing goals, and a draft set of Screening Criteria for Affordable

Housing Development. Work that is drafted by the committee will move through the review and approval process which includes review by the County Executives and Advisory Committee and approval by the Commissioners Court. Deliverables still to be completed by the committee include: Siting Policy; Fair Housing Policy; Regional Alignments; Implementation Tools for Affordable Housing Expansion; Capital Improvements and Investments; and Supportive Programs & Services.

VIII. Other Actions

Actions planned to address obstacles to meeting underserved needs

The CDBG program continually advocates on behalf of the low income residents of the unincorporated areas. CDBG staff work to raise awareness, both within County departments and with subrecipients and other partner organizations, of the need to improve access to services for residents of the unincorporated areas who are geographically isolated from the urban core and with limited transit options. In addition, as members of the committee that drafted the department's Housing Continuum Request for Services, staff were able to help target the funds to specifically meet underserved areas within the continuum.

Actions planned to foster and maintain affordable housing

The Land Acquisition for Affordable Housing project will provide funding to assist in the creation of new affordable housing units. The Owner Occupied Septic System project will improve the quality of housing stock for low and moderate income homeowners. Street Improvement projects will help maintain neighborhood quality, thereby helping to preserving home values of low- and moderate- income households.

The Affordable Housing Policy Committee will create a set of recommended policies that are intended to align the County's affordable housing programs to better address the housing needs of Travis County residents.

Actions planned to reduce lead-based paint hazards

The CDBG funded Home Repair Project will continue to assess homes for lead based paint hazards as part of intake into the program and any work performed on affected homes will be according to the program's prescribed lead based paint standards.

Actions planned to reduce the number of poverty-level families

Service Department. Travis County continually assesses the poverty and basic needs of county residents, works with stakeholders in facilitating anti-poverty efforts, and supports public policy initiatives that prevent and ameliorate conditions of poverty. The goal of the department is to address community needs through internal and external investments and services. The department strives to accomplish the following: Maximize quality of life for all people in Travis County; Protect vulnerable populations; Invest in social and economic well-being; Promote healthy living: physical, behavioral, and environmental; and Build a shared understanding of our community. Travis County operates a number of anti-poverty programs that assist individuals and families on multiple fronts in transitioning from crisis to self-sufficiency. The County carries out its anti-poverty programs both through the direct delivery of services managed by HHS/VS and by purchasing services from private and not-for-profit agencies in the community. In order to maximize investments to meet community needs, Travis County HHS/VS is in the process of transitioning from an annual non-competitive contract renewal system to a system of phased, competitive, five-year planning and funding cycles for all social service investments.

Actions planned to develop institutional structure

Both CDBG staff and staff from partner departments will attend HUD trainings to increase expertise, and CDBG staff will continue internal cross training to enhance capacity in the event of staff turnover.

The CDBG program's lead financial analyst in the Auditor's Office and the TNR engineer that primarily oversees CDBG infrastructure projects are both anticipated to retire in 2016. Staff are actively working in advance of these retirements to prepare for the transition of duties.

Actions planned to enhance coordination between public and private housing and social service agencies

The structure of the Affordable Housing Policy Committee work includes an advisory group with representatives from other units of local government, nonprofit and for profit housing developers and social service agencies. As the committee creates or refines policies, they will seek input from this group to insure effective coordination between all parties.

CDBG staff provide technical assistance to the Housing Authority of Travis County on an as needed basis. During PY15, staff have provided GIS mapping services as well as technical assistance on affirmative marketing and fair housing.

IX. Program Specific Requirements

Introduction

Community Development Block Grant Program (CDBG)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100%

Discussion: The benefit was determined based on one year of funding, PY16.

NEEDS ASSESSMENT SURVEY

PUBLIC PARTICIPATION ADS

PUBLIC PARTICIPATION

Public engagement occurs throughout CDBG activities for four main purposes: needs gathering, approval of proposed actions, the substantial amendment process (if applicable), and the annual report (see chart below).

The Consolidated Plan is a Strategic Plan that identifies needs and sets priorities, outcomes, and objectives for the CDBG program for a three-, five- or six-year period. Travis County’s Consolidated Plan is developed through a collaborative process and Public Engagement is a critical component. The Annual Action Plan is a document that outlines needs and projects that will guide how the upcoming year’s funding will be allocated. In the year that the Consolidated Plan is developed, the public hearings for input on the Annual Action Plan and Consolidated Plan are held at the same time.

SUMMARY OF PUBLIC PARTICIPATION

For the Program Year (PY) 2016 Action Plan, information on community needs was gathered through a variety of mechanisms. During the month of March 2016, the public and service providers had the opportunity to provide input by 1) attending one of five public hearings, 2) completing a survey, and 3) completing a project proposal form.

Community Meetings

Community meetings were held at several locations throughout the County in two different formats: a public hearing and facilitated discussions. Information was collected to help determine needs for the PY16 Action Plan, as well as projects for PY16.

One meeting was held at Travis County Commissioners' Court during the normally scheduled voting session. This public hearing was held in the traditional public hearing format with oral testimony. Public hearings were also held in each of the four precincts. Participants were asked for input regarding their housing, community development and public service needs. These meetings were structured as an information session regarding the uses of CDBG, with facilitated discussion and decision-making for meaningful, comprehensive input from participants regarding their housing, community development and public service needs.

Public hearings were held according to the schedule below.

Location of Hearings		Dates / Times
Community-Wide Hearing	Travis County Commissioners Court, 700 Lavaca	Tuesday, March 2, 2016 at 9:00 am
Precinct 1	Travis County Community Center at Manor	Monday, March 23, 2016 at 6:30 pm
Precinct 2	Wells Branch Community Center	Wednesday, March 2, 2016 at 6:30 pm
Precinct 3	Travis County Community Center at Oak Hill	Thursday, March 3, 2016 at 6:30 pm
Precinct 4	Travis County Community Center at Del Valle	Thursday, March 24, 2016 at 6:30 pm

A total of 17 people attended public hearings to provide input on the Needs Assessment and Action Plan.

Advertising

The opportunity to participate was advertised on the Travis County website (www.co.travis.tx.us/CDBG), the seven community centers, and the television channel of Travis County. The advertisement appeared in the following newspapers of general circulation: *Pflugerville Pflag*, *Lake Travis View*, *Westlake Picyuane*, *Oak Hill Gazette*, and *The Villager*. To reach the Spanish speaking population the advertisement was placed in the Spanish language newspaper *Ahora Sí*. In addition, notifications by mail and e-mail were sent to service providers via list serves, county

residents who had previously attended public hearings, community liaison departments of schools districts, and neighborhood associations; and were posted on the CDBG Facebook and Twitter pages.

Surveys

Resident surveys were available online or by postal mail from March 1-March 31, 2016 and were offered in English and Spanish. Written surveys were available at public hearings and upon request for those without access to a computer or the internet. A total of 38 residents completed surveys to provide input on the Action Plan.

A provider survey was also available to gather input and was offered in English only. Several list-serves, including the County's contracted social service providers, were used to send out the link to the online survey through email. A total of 46 surveys were completed by agencies.

DETAILED RESULTS OF PARTICIPATION PROCESS

Project Proposals

Project proposals which identify a community need and provide specific project ideas are accepted throughout the year. However, only project proposals received by March 31, 2016 are considered for funding in the next program year. Project proposals can be submitted by Travis County Departments, neighborhoods, individuals, and service providers. Proposals can identify potential projects for PY16. A total of 20 project proposals were received during the time specified, as detailed below:

- 12 Proposals from residents;
- 2 Proposals from an existing sub-recipient for new projects;
- 3 Proposals from sub-recipients for ongoing projects;
- 1 Proposal from the Housing Authority of Travis County for a new project;
- 2 Proposals from Travis County departments for ongoing projects.

To assist in determining the spending priorities for PY16, residents and service providers were asked to rank three of the six categories as “most urgent,” “urgent,” and “important” needs for the PY15 period.

Residents

In total 55 responses were gathered from the public hearings and resident surveys. The table below provides the rankings of the categories for PY16.

Ranking of Categories of Need for PY16, Residents	
Service Category	Ranking
Infrastructure	1
Community Services	2
Housing	3
Public Buildings & Facilities	4
Business & Jobs	5
Populations with Specialized Needs	6

Social Service Providers

In total, 46 responses were gathered from service provider agencies. Forty three of these agencies were non-profit organizations, and 3 were units of local government. Respondents were asked to rank the same six categories as residents for the PY16 period.

Ranking of Categories of Need for PY16, Social Service Providers	
Service Category	Ranking
Housing	1
Community Services	2
Populations with Specialized Needs	3
Business & Jobs	4
Infrastructure	5
Public Buildings & Facilities	6

Comparison of Resident and Service Provider Priority Rankings

Both residents and service providers reported similar priorities with regard to the ranking of Community Services (second for both) and Housing, (third and first respectively.) However, while residents ranked Infrastructure as the most urgent need, providers ranked it fifth. This difference is likely due to residents having more direct experience of the infrastructure, or lack thereof, in the unincorporated areas, while service providers may not be aware of the degree of need in this area.

Survey Project Ideas

Respondents to the survey were given the opportunity to suggest project ideas. As these ideas are not typically fully formed project proposals, CDBG staff use the input to help evaluate and identify community needs. The types of project ideas submitted by residents reflect their prioritization of Infrastructure, followed by Community Services. The following table illustrates the number of project ideas submitted by Priority Need Category.

Number of Project Ideas Submitted by Category Type		
	Residents	Service Providers
Service Category	Number	Number
Housing	6	11
Community Services	9	19
Populations with Specialized Needs	0	0

It is worth noting that multiple residents noted the need for a Recreation Center for youth in the Austin’s Colony, Hornsby Bend and Del Valle areas. This has consistently been voiced as a community need throughout the history of CDBG public engagement.

Public Comment to Solicit Feedback on the Action Plan

After presentation to Travis County Commissioners Court, the draft PY16 Action Plan will be posted for written comment for thirty days, prior to the final approval by the Travis County Commissioners Court. Comments were accepted in writing via email or regular mail to the Travis County Health and Human Services and Veterans' Service CDBG staff. The Draft Plan will be posted on the Travis County website and copies will be located at the seven Travis County Community Centers for public review. During the 30-day comment period, two public hearings will be held to inform and enable the community to comment on the uses of PY16 CDBG funds. These two public hearings will be held at the Travis County Commissioners' Court during the normally scheduled voting session, and were held in the traditional public hearing format with oral testimony.

TRAVIS COUNTY COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

Help Identify Community Needs in Travis County During Public Meetings in March 2016

Travis County invites the public to participate in community forums where residents will have an opportunity to present community needs and recommend projects for Community Development Block Grant (CDBG) funds for usage in the unincorporated areas of Travis County. The information collected in the forums will guide the selection of CDBG projects for the Program Year 2016 (October 2016-September 2017).

The CDBG program is funded by the United States Department of Housing and Urban Development (HUD) to benefit Travis County low- to moderate-income residents who live outside any city limit or in the Village of Webberville. The program supports community development activities aimed at revitalizing neighborhoods, improving affordable housing options, and providing improved community facilities and services. For program year 2016, Travis County anticipates to receive an estimated \$1,075,760.

The forums will be held according to the following schedule:

Tuesday, March 1, 2016 at 9:00 am	Wednesday, March 2, 2016 at 6:30 pm	Thursday, March 3, 2016 at 6:30 pm	Wednesday, March 23, 2016 at 6:30 pm	Thursday, March 24, 2016 at 6:30 pm

EL PROGRAMA DE SUBSIDIOS GLOBALES DE DESARROLLO
 COMUNITARIO (CDBG) DEL CONDADO DE TRAVIS

Solicitamos Su Ayuda Identificando Necesidades Comunitarias Durante Foros Públicos en Marzo de 2016

El Condado de Travis invita al público a participar en foros comunitarios donde residentes tendrán la oportunidad de identificar necesidades comunitarias y de recomendar proyectos para el uso de los fondos del Programa de Subsidios Globales de Desarrollo Comunitario (CDBG) que se enfoca en las áreas no incorporadas del condado de Travis. La información recaudada en los foros guiará la selección de proyectos CDBG para el Año Programático 2016 (desde octubre de 2016 a septiembre de 2017).

El Programa de CDBG recibe fondos del Departamento de Vivienda y Desarrollo Urbano de los EE.UU. para beneficiar a residentes de bajo y medianos ingresos que viven en el Pueblo de Webberville o en las otras áreas no incorporadas del condado de Travis. El programa apoya actividades de desarrollo comunitarias que tienen como propósito revitalizar comunidades, mejorar opciones de viviendas, y proporcionar servicios e instalaciones comunitarias mejoradas. Para el Año Programático 2016, el Condado de Travis anticipa recibir un estimado de \$1,075,760 en fondos CDBG.

Los foros públicos se llevarán a cabo de acuerdo al siguiente horario:

Martes, 1 de marzo de 2016 a las 9:00 am	Miércoles, 2 de marzo de 2016 a las 6:30 pm	Jueves, 3 de marzo de 2016 a las 6:30 pm	Miércoles, 23 de marzo de 2016 a las 6:30 pm	Jueves, 24 de marzo de 2016 a las 6:30 pm

Carrie Manor Manor, TX 78653	Travis County Community Center at Del Valle 3518 FM 973 Del Valle, TX 78617

Comenzando el 1 de marzo de 2016, si no puede asistir a los foros, usted puede participar llenando una Planilla de Participación ubicada en la página web www.traviscountytexas.gov/health-human-services/cbdg, o en uno de los siete Centros Comunitarios del Condado de Travis, o puede solicitar que se le envíe una planilla por correo llamando al 512-854-3465.

Para más información, comuníquese con la oficina de CDBG a través del correo electrónico al cbdgb@traviscountytexas.gov o llamando al 512-854-3460. Para solicitar que haya un intérprete en español o de lenguaje americano de señas en alguna de estas reuniones, por favor contacte al personal de CDBG por lo menos con cinco días hábiles de anterioridad.

1. Introduction & Contact Information

- Every year, Travis County receives approximately \$1,087,585 in federal funds from a program called the Community Development Block Grant (CDBG).
- The program must support housing, community development and public service projects and must benefit residents that live in the unincorporated areas of Travis County and/or the Village of Webberville.
- In the first section of the survey, we would like you to have a voice in how these funds are spent for the NEXT program year (October 2016 - September 2017) by filling out this survey and telling us where you see the greatest needs in your community and provide specific project ideas.

1. Introducción e información de contacto

Todos los años, el Condado de Travis recibe aproximadamente \$1,087,585 en fondos federales que provienen de un programa llamado Subsidio Global para el Desarrollo Comunitario (CDBG).

El programa debe ayudar a financiar proyectos de viviendas, desarrollo comunitario y servicios públicos y debe beneficiar a los residentes que viven en las áreas no incorporadas del Condado de Travis o en el Pueblo de Webberville.

En la primera sección de esta encuesta, nos gustaría que usted exprese sus opiniones sobre cómo se deberían gastar estos fondos durante el próximo año programático (octubre de 2016-septiembre de 2017). Para esto, debe completar esta encuesta para indicar dónde cree que se encuentran las mayores necesidades en su comunidad y proveer ideas de proyectos específicos.

Para obtener más información sobre el programa CDBG, visite www.traviscountytexas.gov/health-human-services/cdbg.

2. Necesidades e ideas para proyectos para el Año Programático 2016

Es esta sección, piense acerca del período desde el 1 de octubre de 2016 al 30 de septiembre de 2017 (el Año Programático 2016). Conteste las preguntas acerca de las necesidades de las comunidades en las áreas no incorporadas del Condado, e identifique las categorías que usted piensa deben tener prioridad para los fondos del Programa CDBG durante el próximo año programático.

3. Identificación de necesidades para el Año Programático 2016

1. De las seis áreas o categorías disponibles (en la lista abajo), favor de clasificarlas dejándonos saber cuál representa:

- La necesidad más urgente (El área de inversión más urgente en su comunidad.)
- Una necesidad urgente (pero no necesariamente la más urgente)
- Una necesidad importante (pero no urgente)

Sólo se pueden clasificar o escoger tres de las seis áreas/categorías.

APPENDIX B

CDBG PY16 PROJECTS & ALTERNATE PROJECTS

PROJECTS

Project # 1: Northeast Feeder Route Service - \$56,053

Project Description: The Northeast Feeder Route (Routes 233 and 237) is a Capital Metro bus route located in Northeast Austin and unincorporated Travis County. Areas served by the route include Eagles Landing Apartment Community and schools in unincorporated Travis County (see Map 1). The route also provides direct service to the Mobile Loaves & Fishes *Community First!* Village, which is expected to house over 250 residents, all formerly chronically homeless, disabled, and dependent on transit. The service links residents with other Capital Metro routes and provide access to basic goods and services.

This is an ongoing project that funds bus service for the portion of the Northeast Feeder Route located in the unincorporated area. The project is implemented by Capital Metro.

***U.S. HUD uses special tabulations of Census data to calculate the Low/Moderate Income Summary Data (LMISD), which determines the low to moderate income (LMI) areas. LMI areas are where, typically, at least 51% of households have incomes at or below 80% of the area median income (AMI). However, the LMISD for some communities, such as the Travis County CDBG Entitlement, are based on an exception criterion. For Travis County, instead of 51%, 49.46% is the minimum percentage of LMI persons that must reside in the service area for the activity to be assisted with CDBG funds.

Project # 2: Owner Occupied Septic System Program - \$250,000

Project Description: This project would provide a grant of up to \$24,999 to eligible homeowners in the CDBG service area for activities related to repair or replacement of failing or non-compliant on-site sewage systems. The program would be administered by Meals and Wheels and More. Some of the allocation will be used for project delivery incurred by the subrecipient and to partially fund a CDBG planner position to complete environmental reviews, final inspections and sign off, and any other needed project delivery related costs.

Project # 3: Hillmoore Drive Street Improvement, Phase 2 - \$210,000

Project Description: Hillmoore Drive is a low speed/low volume road that does not meet minimum Travis County standards, so it has not been accepted onto the Travis County maintained roadway system. Lack of organized and routine roadway maintenance will lead to further deterioration of roadway conditions, decreasing the safety of the road and jeopardizing access to the homes along this road. This project will provide the improvements necessary to bring the roadway up to Travis County standards and be accepted as a County-maintained road.

The improvements impact 3,510 people, of which 61.82% are considered low to moderate income. The project will be completed in two phases. The first phase, funded with PY15 grant funds, includes design services and environmental assessment. Construction will be completed during the second phase of the project with PY16 grant funds.

TNR Proposed Project for PY16: Hillmoore Dr Improvements

Hillmoore Drive is a low speed-low volume road in need of improvements before it deteriorates any further, which impacts the safety of the road and jeopardizes access to homes. This project will provide the improvements necessary to bring the roadway up to Travis County standards in order to be accepted as a County-maintained road.

Project # 4: Land Acquisition for Affordable Housing Development - \$246,930

Project Description: This project would provide funds to a subrecipient (to be identified) for the purpose of developing affordable housing in the CDBG service area. The funds could be used for leveraged funding for a project with multiple funding streams, or used as sole funding for lot purchase. The land purchased could be used for the development of either rental or owner occupied affordable housing. A subrecipient will be identified through an RFS process. Once the subrecipient identifies a parcel for purchase and a plan for development, the project would go out for public comment.

Project # 5: Tenant’s Rights and Fair Housing Counseling– \$32,375

Project Description: The funds are allocated for Tenant’s Rights and Fair Housing Counseling for residents of the unincorporated areas and the Village of Webberville. This program will expand existing services in the unincorporated areas of the County and the Village of Webberville, and proposes to serve approximately 55 people. Tenant’s Rights services include: telephone counseling and in-person mediation, as needed. Fair housing services include: fair housing counseling, fair housing complaint processing, and testing in support of an individual complainant. Additionally, part of the funds will be used for allowable program delivery costs, such as marketing materials and office supplies. At least 51% of the recipients will be at or below 80% of the Median Family Income (MFI).

Project # 6: FSS Social Work Services Expansion Project - \$74,710

Project Description: This program is an internal Travis County Health and Human Services & Veterans Service expansion of existing services. The program increases program capacity to provide case management, information and referral, non-clinical counseling, crisis intervention, and outreach in all four precincts of the unincorporated areas. The project is targeted to individuals who are at 80% MFI or below. The project will fund the equivalent of one FTE social worker who works at a Travis County HHS&VS facility; however, to reduce transportation barriers, the social worker provides the majority of service provision through home visits. Additionally, operating expenses necessary to provide home based services, mileage, and training, among other expenses, may be funded.

Project #7: Administrative & Planning Expenses – \$217,517

Project Description: The funds allocated for administration will pay for the operating expenses associated with the grant including office supplies, training, contracted services, rule interpretation, fair housing activities, membership, action plan, annual report, reporting, and other business-related expenses. Additionally, the funds will pay for a portion (100% and 60%) of the salaries for the two CDBG planners (one full time and one 3/4 time) as well as a new part-time administrative position. These positions are responsible for project development, action plan and annual report development, monitoring and reporting, and other tasks relating to administration and planning.

Alternate Project # 1: Owner Occupied Home Rehabilitation – up to \$500,000

Project Description: This project funds minor home repair services for low- and moderate-income homeowners in the unincorporated areas of Travis County and the Village of Webberville, to move homes towards Housing Quality Standards. The program seeks to improve the energy efficiency, physical living conditions, and safety in owner-occupied homes. The project provides a grant up to \$24,999 to eligible homeowners for approved repairs. Examples of potential improvements include, but are not limited to: connections of houses to long-term viable sources of water (not part of a stand-alone infrastructure project), complementing weatherization services of other funding sources, septic tank repairs, and electrical and plumbing repairs. In the event that program income is created, it will be reinvested into the Home Rehabilitation project.

These funds are targeted toward homeowners at or below 80% MFI in the CDBG service area. This project is administered by Meals on Wheels and More, Inc. Some of the allocation will be used for project delivery costs of the project and some of the allocation may partially fund a CDBG planner position to complete environmental reviews, final inspections and sign off, and any other needed project delivery related costs.

Alternate Project # 4: Disaster Response Interim Assistance – up to \$100,000

Project Description: Since 2011, Travis County has increasingly experienced disasters either from flooding or wildfires. In an effort to facilitate a quick response, this alternate project is available to enact, should it be needed. HUD has provided specific guidance about interim assistance and disaster response activities. Below is a summary that explains when and under what conditions these types of activities qualify for CDBG funds.

The types of activities that may be considered are repairing streets, sidewalks, publically owned utilities, and public buildings (excluding parks or playgrounds); special garbage, trash or debris removal; and clearing of streets (e.g, of snow, debris, etc.).

Additional Considerations:

- The County Judge of the Travis County must determine that the situation is emergency in nature and requires immediate attention, and it must address a state or federally declared disaster.
- Repairs must not alter environmental conditions (e.g., does not affect historic properties, does not involve work on structures within a floodplain, does not involve a hazardous site, is not next to a hazardous site, does not impact critical habitat of endangered species, and does not alter a building's footprint); and
- Repairs are limited to protection, repair, or restoration activities necessary to control or stop the effects of the disaster or imminent threat to public safety, and don't include new additions, relocation, etc., but do include making repairs to damaged structures or restoring essential community services and related utilities and facilities to their condition before the disaster (without significant capacity changes).
- When using the urgent need national objective, the grantee must certify it is unable to finance the activity on its own and other sources of funds are not available. If the repairs are FEMA eligible, staff will need to verify that FEMA will accept CDBG as matching funds.
- The level of environmental review must be Exempt or Categorically Excluded.
- The repairs are restricted to the CDBG service area.

This project will use one of two National Objectives for this project. If the area qualifies as low-to-moderate income, it will use the Low to Moderate Income Area (LMA) Benefit as the national objective. If not, the project will use the urgent need national objective.

The work will be completed by county employees and/or contractors and will be overseen by one of the following County Departments: Travis County Transportation and Natural Resources Department, Health and Human Services and Veterans Service, or Emergency Services.
