

The CPS Reintegration Project

looks forward to collaborating with you!

Simply ask yourself the following questions about the children on your caseload – then contact Shannon or Virginia for more information, or to begin the referral process.

- Does this child have **complex mental health needs** and **behavioral challenges**?
- Is the child currently placed in an **RTC or Specialized Foster Placement**?
- Is there a parent or relative living in **Travis County** who wants the child to live with them?
- Will the reunification happen **in 3-6 months**?
- Does the **caregiver** feel they need **extra support** to make this work
