

NEED ASSISTANCE LOCATING HUB VENDORS

Search one of four databases. Travis County recognizes these certifying agencies:

- City of Austin (M/WBE) **512-974-7600**
- State of Texas (HUB) **888-563-5881**
- Texas Unified Certification Program (TUCP) DBE **866-480-2518**
- South Central Texas Regional Certification Agency (SCTRA) **210-227-4722**
- In order to be considered a HUB for Travis County, a vendor does not need to have all four, one certification will suffice.
- You can search for vendors either by company name or by a specific product/commodity codes or by a general description.
- These links are maintained by the specific certifying agency. Any questions about status or updates for specific vendor profiles should be directed to the respective certifying agency.
- Some of these agencies have reciprocal agreements, visit each website to learn more.

- If you need further assistance, contact the Purchasing Office at 512-854-9700 and request to speak to a HUB Specialist.

Travis County does not endorse any company or individual identified on these databases.

A few tips:

- Use the databases to verify a vendor's certification.
- All of these databases are based on specific commodity codes such as National Institute of Government Purchasing (NIGP) or North American Industry Classification System (NAICS) numbers. The City of Austin database does allow searches based on keywords.
- Be aware that some vendors may be listed under their corporate name and not their assumed name or vice versa.
- Travis County tracks all payments to all-tier subcontractors/subconsultants.

Centralized Master Bidders List - HUB Directory Search

The CMBL is a master database used by State of Texas purchasing entities to develop a mailing list for vendors to receive bids based on the products or services they can provide to the State of Texas. Manufacturers, suppliers, and other vendors wishing to furnish materials, equipment, supplies, and services to the state should register for the CMBL to receive bidding opportunities.

The CMBL/HUB Directory Search is automatically defaulted to "CMBL Only" to perform a search for vendors, including Texas certified HUBs who have elected to register on the CMBL. Purchasing entities use (NIGP Class and Item Codes) within the "Multiple Vendor Search" feature to identify vendors who can provide the products or services they want to purchase, and to develop mailing lists of vendors to receive bids.

For detailed explanations of the various search and data output features (i.e., Search For, Single Vendor Search, Multiple Vendor Search, Business Category / Vendor Location Search, Select Fields for Output, Output Options) that may be used to create lists of potential vendors as well as retrieve detailed information on a specific vendor, click [CMBL/HUB Directory Search Tips](#).
