WHO IS IN JAIL AND WHY?

There are a variety of reasons why individuals are not released from jail. Individuals with Active Writs are waiting for a hospital bed and will be released from jail once a bed becomes available. Individuals with holds are detained until they are released to the outside agency that placed the hold. The sentenced population are held until the completion of their sentences. As for the pretrial population, Travis County relies heavily on personal bonds for pretrial release, but some individuals are denied personal bonds due to a variety of circumstances. More information is available about personal bonds on page 6. Justice Planning takes a weekly snapshot of Who is in Jail and Why. For the purposes of highlighting changes in these subpopulations, the following data compares the current snapshot (October 8) to the previous weeks snapshot (October 1). Additionally, the summary further aggregates these populations into felony high charge, misdemeanor high charge, and no Travis County charge⁶.

WHAT IS THE PURPOSE OF THE STANDING ORDERS AND WHAT IS A PERSONAL BOND?

A Personal Bond is a sworn agreement by the defendant that they will return to court as ordered and will comply with the conditions placed on his/her release. No money is required at the time of release, but the Defendant is required to pay a reimbursement fee of \$20, \$40 or 3% of the bond amount to Pretrial Services within 7 days of release. Individual defendants cannot post a personal bond themselves. Only Pretrial Services or an attorney may submit a request for release on personal bond to a judge and only a judge can approve release on a personal bond. Travis County Pretrial Services interviews most defendants booked on Travis County charges and considers them for release on personal bond. The diagram below illustrates interview criteria. Regardless, a Judge may request an interview and bond preparation for any Defendant.

WHAT IS THE PROCESS FOR PERSONAL BOND RECOMMENDATION?

The personal bond recommendation process considers the following:

- Will this defendant appear in court and not commit any offense if released?
- Does this defendant present a risk to the safety of the community if released?
- The process is modeled after the National Association of Pretrial Services Agencies (NAPSA) Standards on Pretrial Release.

The personal bond release recommendation is a 4-step decision-making process:

- Classification of defendants according to risk using the Ohio Risk Assessment System – Pretrial Assessment Tool (ORAS-PAT), an actuarial risk assessment tool that predicts failure-to-appear and risk of committing a new offense.
- Determination of eligibility based on adherence to policy- based rules.
- Identification of potential risk to self or others for family violence charges.
 - Ontario Domestic Assault Risk Assessment (ODARA) – an assessment used to identify the risk of future assaults against intimate partners.
 - Recommendations for or against release, which includes identification of bond conditions necessary to mitigate risk.

Denied personal bonds are subject to the following process:

- Senior Pretrial Officers review the denied bond for further investigation and release recommendation consideration.
- Non-Family Violence Misdemeanor cases are set on the Bond Review Docket.
 - Denied personal bonds are made available to the Attorneys and Judge for review and reconsideration.
 - Pretrial Service staff are available to assist with this process.
 - Caseworkers assigned to the Mental Health Jail Diversion program review the denied personal bonds for individuals with mental health issues remaining in custody for program eligibility and release consideration.

WHAT IS THE IMPETUS OF THE STANDING ORDER FOR PERSONAL BONDS?

On October 29, 2019, a working group consisting of the District Attorney, County Attorney, Pretrial Services (PTS), Justice Planning, representatives from the judiciary, and Capital Area Private Defenders (CAPDS) presented to the Commissioners Court an explanation of a snapshot of who was in the Travis County jail on a particular day and why they were incarcerated. The working group is known as “Who is in Jail and Why.” In the weeks following the presentation to Commissioners Court, this working group continued to meet to work on the implementation of certain improvements to the current bond-setting and PR bond process followed in Travis County.

First, the working group recommended that PTS conduct a screening of all arrestees to provide to the Magistrates as expeditiously as possible information to fully enable the Magistrates to set bond amounts pursuant to Article 17.15 of the Code of Criminal Procedure.

Additionally, the working group recommended that the judges, both at the misdemeanor and felony level, utilize pre-approved PR bonds, also known as general order bonds, for those arrested, subject to certain exceptions.

Attachment 3 displays the proposed process in a flowchart. Following an arrest, the individual will be taken to central booking and given a pretrial screening as appropriate, which may include a record check, risk assessment, and a financial screening that will inform the Magistrate on their ability to pay. Based on their offense, and the information gleaned from the pretrial screener, the individual will be routed on one of two tracks. If qualifications set out by the judges are met, the person will be taken before the Magistrate to determine appropriate bond amount and conditions. The person would be released pursuant to the standing order.

WHAT IS THE PROCESS FOR INDIVIDUALS THAT DO NOT QUALIFY FOR GENERAL ORDER BONDS?

If the individual does not qualify for a general order bond, they must go through the full PTS process. PTS contacts and verifies references that are provided by the individual. For certain family violence offenses, PTS performs an Ontario Domestic Assault Risk Assessment (ODARA). If applicable, PTS contacts the complaining witness because of their safety. Finally, PTS decides to recommend, or not recommend a PR bond. If PTS recommends a PR bond, they may also recommend PR bond conditions. After the full PTS process, the person will be taken to a Magistrate that will approve or deny their bond and set bond conditions. Depending on the Magistrates bond decision, the individual will either be released, or detained at the Travis County Sheriff’s Office (TCSO). For Misdemeanor cases that were not recommended a PR bond, they will be routed to the bond review docket (BRD). In the future, and as the new procedure evolves, the Committee may recommend eliminating magistration for misdemeanors on the general order bond track. However, Travis County needs to examine the entire magistration system to determine gaps in resources before moving forward.

IMPACTS OF THE GOVERNOR'S ORDER ON PERSONAL BONDS

Despite these local changes, individuals are now subject to the Governor's Executive, signed March 29, 2020. GA-13 relates to detention in county and municipal jails during the COVID-19 disaster and includes suspensions that directly impact individuals that could be eligible for a general order bond.

 - release the arrested person on personal bond without sureties or other security; and

Persons that Pretrial Services believe present an imminent danger to the community

This Standing Order does not diminish the statutory authority of any magistrate to grant personal bonds on the excepted cases pursuant to their authority under CCP Chapter 17 with the bond conditions the magistrate believes are required by law or serve the interests of justice.

All the requirements and conditions of the bond previously set by the magistrate remain in effect. Pretrial Services shall recommend to the trial court any additional, appropriate conditions at any time after the arrested person is released pursuant to this Order.

If a law enforcement officer, attorney, or Magistrate has reason to believe that a particular person presents an imminent danger to the community, or that the misdemeanor will be enhanced as a hate crime, or that particular conditions should be attached to a bond, they should notify Pretrial Services.

IT IS ORDERED that all persons arrested on misdemeanor crimes meeting the above conditions shall be released on a personal bond approved by the undersigned judges.

A copy of this Standing Order shall be transmitted to Pretrial Services and the Sheriff of Travis County. This Order is effective immediately.

II. – Conditions which constitute an exception to the automatic granting of personal bond:

- a. The arrested person is being charged with a new offense while on any form of pre-trial release for other charges;
- b. The arrested person currently has a capias or warrant for a failure to appear or bond forfeiture;
- c. The arrested person has failed to appear or had a bond forfeiture in the last 12 months;
- d. The arrested person was on a personal bond in the same case and the Pretrial Services Department motioned off of that bond or the Judge increased the amount of the personal bond;

The Magistrate believes, based upon credible evidence, that the automatic granting of a personal bond for the arrested person would constitute an unreasonable threat to the safety or property of any person, including, but not limited to, the accused or the victim or any member of the victim's family or household.

This Standing Order does not diminish the statutory authority of any magistrate to grant a personal bond for an arrested person charged with an offense that is not contained in Section I of this Standing Order, or for any person faced with any of the conditions described in Section II of this Standing Order, pursuant to their authority under CCP Chapter 17, with the bond conditions the magistrate believes are required by law or serve the interests of justice.

All the requirements and conditions of the bond previously set by the magistrate remain in effect.

If a law enforcement officer or attorney for the state has reason to believe that a particular arrested person should not receive a personal bond under this order, or that particular conditions should be added to the bond, that officer or attorney must contact a District Court Judge to make a request or recommendation for an exception to this Standing Order.

IS IT ORDERED that all persons charged with a felony covered by this Standing Order and that meet the conditions described in this Standing Order shall be released on personal bond.

A copy of this Standing Order shall be transmitted to the Sheriff of Travis County.
