Your Connection to the State Legislature

The 2016 Legislative Conference, set for Aug. 24-26 in Austin, will help county officials and staff find ways to get involved in the legislative process, plus learn about important issues counties can expect to see in the upcoming 85th Legislative Session.

- Connect with people representing county government in Austin;
- Review ways to communicate essential information back to your county and constituents;
- Learn about the opportunities and obstacles counties may see come out of the Capitol;
- Hear about new tools to better communicate the county message; and
- Exchange your experiences, know-how and contacts with other attendees.

Check back often for conference updates. Many county officials can also earn hours of required continuing education at the conference.
